JNSP7000
SINGLE PEDAL

ERGO PEDAL

Interchangeable Ergo Plates

Fine-tune your feet for maximum power, control and comfort

(PAT. PENDING)

Choice of Dual Power Chain or Strap Drive

More speed, power and accuracy from foot to beater to drum

Adjustable Hoop Grabber

Multiple adjustment options securely attach the pedal to the bass drum hoop

(PAT. PENDING)

ERGO PEDAL

Side Tensioning Hoop Grabber

Allows for faster and easier setup and teardown, every gig

Extendable Locking Universal Linkage

Low friction extendable Universal Linkage that won't come apart

(US PAT. NO. 5905218)

Heel Extension Plate

Provides improved stability and comfort while resting and playing heel-down

Anti Friction Drive Cam

Accurately transmits every stroke and nuance of your technique and musicality

(PAT. PENDING)

JNSP7500

DOUBLE PEDAL
NEW H TYPE FRAME SYSTEM
(US PAT. PENDING)

ERGO PEDAL

JANUS Bi-Tonal Beater

Dual-tone plastic and felt beater for the ultimate sound control

Stabilizer

Heavy duty removable stabilizing spikes set well back from the Bass Drum for maximum holding power

Spring Lock System

Even if your locking nut becomes loose, this system will keep you playing the rest of the set

Removable VELCRO® Plate

Built-in stability on any surface

JNSP7500L
"LEFTY" DOUBLE PEDAL

ERGO PEDAL

Metal Hinge

All-new low-twist hinge gives you yet more accuracy and power

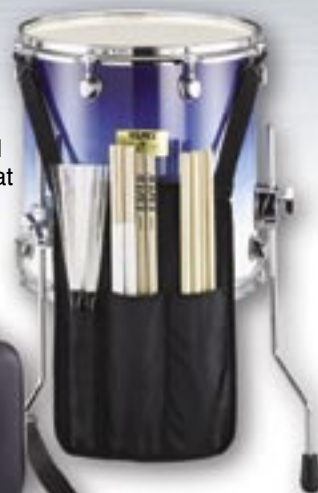

Drum key Port

Easy access under footboard means you'll never be without a key again

Integrated Stick Bag System

Comes complete with stick bag for storing all your options, also great for gigs too
